TO: ALL POTENTIAL OFFERORS

RE: RFP 4345-0-2014/DH, LED Displays at Scope Arena, Addendum 2

Due: August 15, 2013 at 2:00 p.m. local time

The above referenced IFB is hereby amended and clarified to include the following revisions to the solicitation documents:

The opening date has been change to: **August 16, 2013 at 2:00 p.m. local time.**

1. Is control to be primary only or primary and backup?

R: Primary Only.

2. Does every display show the same content or will every display need to be able to show content independent of the others?

R: All displays will show the same content.

3. Single or double sided displays? Your rendering shows one side but it would make sense that you could want 2-sided for a concourse application like you have.

R: There are four (4) locations with double sided displays thus making up the specified quantity of eight (8) displays.

4. Our 10 mm design is not RGB but SMD. Still full color, is this acceptable?

R: SMD is acceptable and preferred.

All other provisions of the IFB shall remain unchanged. The provisions, herein, shall become part of the IFB package, and bidder shall acknowledge receipt of the Addendum by signing in the space provided below and returning it with the bid.
